

# GP Specialty Training Programme

## ENT

### GP Curriculum

As this forms part of a GP Specialty Training Programme it is important that Trainees work towards the learning objectives of the RCGP GP Curriculum throughout the post.

Main sections covered	15.4
Supplementary sections that may be covered	

### Learning Needs

To help identify learning needs in relation to the GP Curriculum the GPStR should complete the self-assessment rating scale tool.

This should be completed before the initial meeting of the Trainee with their Clinical Supervisor. It can then be used to help identify areas that require development. In this meeting an educational plan for the post can be drawn up that identifies how these learning needs can be addressed and how and when they will be assessed.

Please note that it may not be possible to cover all of the GP Curriculum learning objectives within this post. The GP Educational Supervisor will be able to assist the Trainee in identifying ways to cover these potential gaps as part of the overall GP Specialty Programme.

### Assessments and Reviews

During this 6 month post it is the responsibility of the Trainee to arrange the following with their Clinical Supervisor:

- An initial induction meeting reviewing the learning objectives and producing an educational plan (within the first 3 weeks of the post)
- 3 CBD assessments
- 3 mini-CEX assessments
- DOP assessments – as appropriate
- An end of post meeting to discuss your progress and entering the Clinical Supervisor's Report on the e-Portfolio

Please note that this is the minimum requirement for assessments and your Clinical Supervisor may feel that more are required in order for you to meet the required competency areas.

### Study Leave

Any study leave must be congruent with learning outcomes of the GP Curriculum and approved by the GP Educational Supervisor. The GPStR is recommended to use up their study leave entitlement within the 6month post and spend as much time as possible in general practice with their Educational Supervisor. This may include their 6 monthly Educational Supervisor review. It is the responsibility of the Trainee to book any study leave with the relevant hospital department.

# GP Specialty Training Programme: Learning Objectives & Assessment in ENT

What the Trainee can learn	Assessment Modality		
	CbD	Mini-CEX	DOPS
<b><u>Knowledge of specific clinical cases:</u></b>			
<b>EMERGENCIES</b>			
1. Foreign Bodies – How to remove and when not to try!	✓	✓	
2. Epistaxis	✓	✓	
3. Infections including suspected epiglottitis (when not to examine)	✓	✓	
<b>COMMON GP PRESENTATIONS</b>			
1. Sore ear – Adult including Atypical e.g. TMJ problems - Child	✓		
2. Sore throat – Who to refer for tonsillectomy, When to use antibiotics.	✓		
3. Discharging Ears – Otitis externa, CSOM	✓		
4. Hearing Loss including wax management	✓	✓	
5. Vertigo	✓	✓	
6. Tinnitus	✓		
7. Nasal obstruction, polyps, allergy	✓	✓	
8. Sinus problems	✓		
9. Facial pain	✓		
<b>SPECIFIC CASES TO HIGHLIGHT</b>			
1. Dysphagia	✓		
2. Foreign Bodies, Fishbone	✓	✓	
3. Neck lumps	✓	✓	
4. Hoarseness	✓		
5. Head and Neck Cancers	✓		
<b><u>Appreciation of Roles of Others:</u></b>			
1. Audiologist	✓		
<b><u>Specific Skills:</u></b>			
1. Use of diagnostic set			✓
2. Epley's manoeuvre			✓
3. Audiogram interpretation		✓	
4. Micro-suction of auditory canal			✓

## How the Trainee can learn

### **LEARNING OPPORTUNITIES IN HOSPITAL SETTING**

1. **Outpatient Clinics** – Clinics, clinics and more clinics!
2. **Theatre experience** – It is anticipated that theatre experience would be minimal, enabling the trainee to understand and explain what involved in common ENT operations only
3. **Seeing Emergency Referrals/Attendances**
4. **Formal Teaching Sessions**

**Educational Plan** from ..... to .....
